

THE GUNNERY

Mr. T. E. Calleton
Public Relations Director
Yale Broadcasting Company
Box 242-A, Yale Station
New Haven, Conn.

Dear Mr. Calleton:

The talk and film supplied by WYBC was quite informative, although it tended to tell largely about the radio station, rather than extracurricular activities in general. If the program is to continue with extracurricular activities as its topic, considerable effort should be made to cover more, or if possible all, outside activities offered to the Ivy League student.

Taking into consideration that all editing of the film was done by WYBC members, it appeared to be very satisfactory. Mr. Calleton's easy and relaxed manner of speaking added to the interest of the talk.

Respectfully yours,

R. B. Barber
